Corner sofa with sleeping function

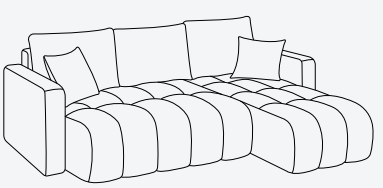

Adjust the orientation to suit your needs

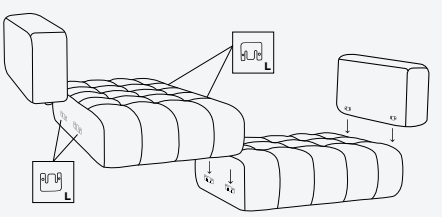

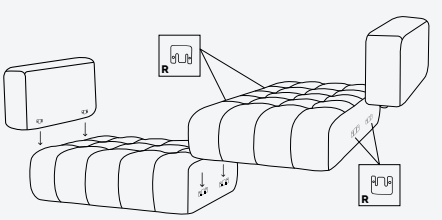

Left-hand version

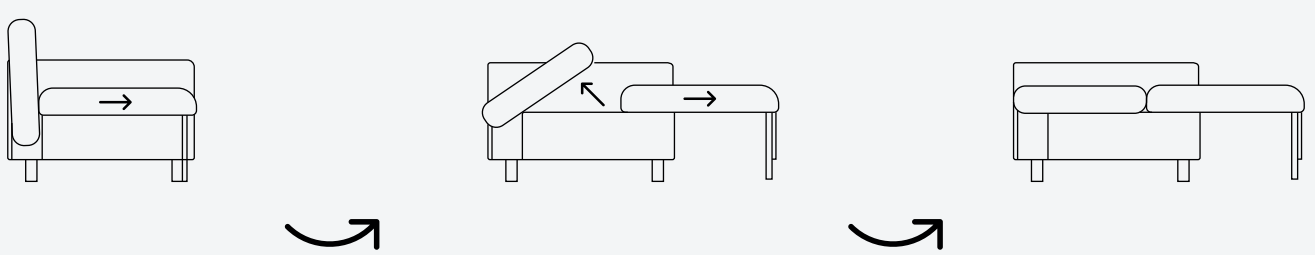

Right-hand version

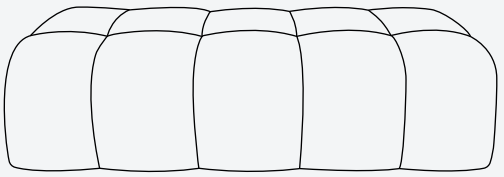

Storage compartment opening mechanism

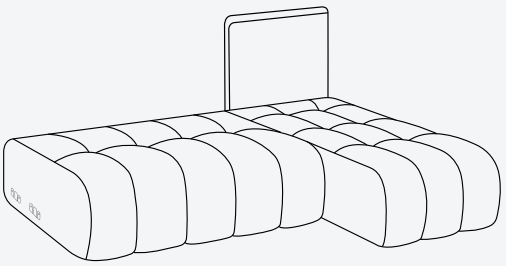

Step 1

Place the seat on a flat surface.

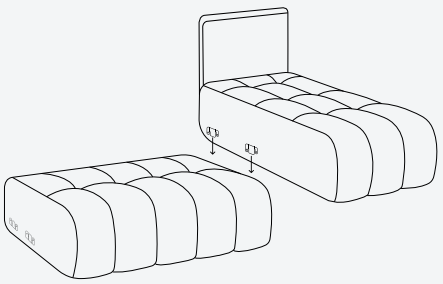

Step 2

Place the ottoman with the backrest in its final position and slide it up to the seat.

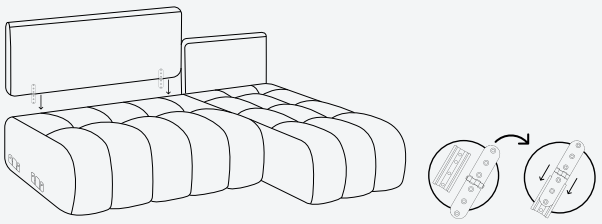

Step 3

Locate the slide-in connectors on the seat and ottoman, then slide the ottoman into the seat.

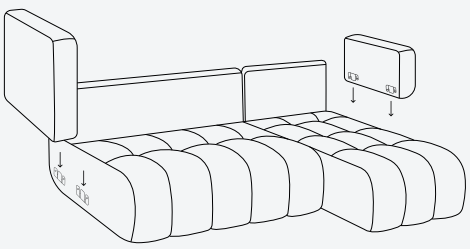

Step 4

For the seat (slide-in connection): position the backrest and slide it into the guides in the seat until fully seated.

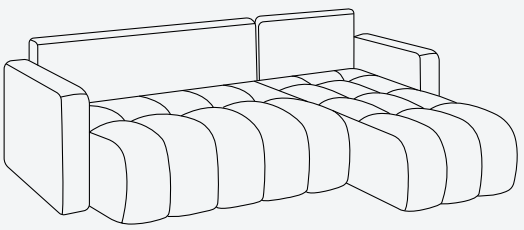

Step 5

The final step is to install the side panels of the seat and ottoman by sliding them into the guides until fully seated.

Step 6

Once the side panels are installed, arrange the cushions to give the corner sofa its final look.

Step 7

Final view of the set – the corner sofa is ready for use.
